ON NAMING CHILDREN.

The late Senator once received a letter from a friend in New York City, containing the intelligence that the writer had named a new-born son after him. To this Mr. Sumner replied as follows

"MY DEAR - Don't make a mistake Never name a child after a living man This is the counsel I give always, and most sincerely. Who knows that I may not fail? I, too, may grow faint, or may turn aside to false gods. I hope not But this is one of the mysteries of the future. Therefore name your boy some good Christian name—it may be Charles, if you will, for that is general, but do not compel him to bear all his days a libel which he may dislike. I once met a strong anti-slavery youth who bore the name of Martin Van Buren He was born while New York sat in the Presidential chair, and his father named him after the chief of the land. But the youth did not find the sentiments of the late Mr. V. B such as he wished to be associated with. Ever yours CHARLES SUMNER"

AN old farmer employed a son of Erin to work for him on his farm Pat was constantly misplacing the end boards in the cart—the front board behind and the tail board in front, which made the old gentleman very irritable To prevent blunders he painted on both boards a large "B," then calling Pat to him and showing him the boards, said, "Now, you blockhead, you need make no mistake as they are now both marked This, (pointing to one board) is 'B,' for before, and that (indicating the tail board) is 'B,' for behind, whereupon the old gentleman marched off with great dignity

"LITTLE TOMMY didn't disobey mamma, and go in swimming, did he?" "No mamma, Jimmy Brown and the rest of the boys went in, but I remember what you said, and didn't disobey you" "And Tommy never tells lies, does he?" "No, mamma, I wouldn't tell a lie for all the world" "Then how does Tommy happen to have on Jimmy Brown's shirt?" That conundrum was too much for Tommy. He had too give it up.

THAT was a practical woman who wrote to Evangelist Hammond, at St Louis, asking prayers to lift the mortgage on her farm, that she and her little ones may not be thrown out of a home.

HONORABLE mention is made of a Maine servant girl who is now serving her eighty-second winter under the same roof. 'She has washed dishes 89,790 times, and comes yet gaily to her task Blessed old girl!

AN Indiana editor mildly remarks "If you can't bring us wood, remember us in your prayers. It is something to know, as we sit and shiver, that we are not forgotten if the stove is cold."

AT the laying of the corner stone of the new capitol of Iowa, no speeches were made, except a few remarks by a workman who got his fingers pinched, and they were brief and to the point

DECATUR, ILLINOIS:

Wednesday Evening, Mar. 18.

MAROA ITEMS.

Temperance is now the chief excitement in Maroa. Last week Waller & Bennet, our two principal whisky sellers, were complained of to the Grand Jury. Evidently those two interesting looking individuals patronize their own bar. If on trial they shall be convicted and heavily fined, a good many will say "amen." Rev. Simmons, of the M. E. Church, and Rev. Hood, of the Presbyterian Church, each preached on Sabbath evening a rousing temperance discourse. It is evident they did not think the prayers of the temperance women were hypocritical. They thought the Maroa women ought to labor with and pray for our voters that they might vote an anti-license ticket.

R. D. Hammond, M. D., Grand Lecturer, has been spending a week with our Masonic friends, drilling them in the work of their order. Does President Blanchard know that the aforesaid lecturer is one of his own denomination? Let the President at once start on the war path.

Dr. Axton and wife have returned from Chicago. The doctor has been seeking new knowledge in his profession, and his former patients will keep him busy as of yore. Rumor has it that a parlor grand, the most costly instrument ever brought into Maroa, now stands ready to discourse sweet music in Mrs. Axton's parlor.

A. W. Bunce is boring a well for the corporation, close to the engine house. It is already deep enough for a wet time, but the doctor means to make a sure thing of it.

Writing is neglected in our common schools in this progressive age. Our educators in this State think botany of more importance, therefore the children have to depend on itinerant writing masters.

Another boys' printing press in town. Good for the Axton boys. We believe in printing presses and tool chests and telegraphic "fixins" for the rising generation. CITIZEN.

A VOLCANIC eruption is reported to have occurred on one of the mountains in Western North Carolina—the Cumberland range. This is the first phenomenon of the kind ever known to have occurred on the eastern side of this continent, the volcanoes of North and South America having been hitherto, so far as known, confined to the Western side of the hemisphere.

BOARD OF SUPERVISORS.

March Regular Term, 1874.

Board met pursuant to adjournment, Hon. N. Falling in the chair.

The committee appointed by this board to contract for, and have erected upon the county farm, a new poor house, made the following report of their acts and proceedings, which was approved of by the board and the committee discharged:

To the Hon. Board of Supervisors of Macon county, Ills.:

We, your committee entrusted with the building of a county poor house on the county farm in this county, beg leave to report as follows: That the house, for the construction of which we reported a contract with Mills & Harry, at the meeting of the board in September, 1873, was finished according to contract, by December 1, 1873, and is now used and occupied as a county poor house, and orders have been drawn on the County Treasurer for the following several amounts: In favor of Mills & Harry, for $4,950, with interest at the rate of ten per cent. per annum from date until paid; that the excavation of cellar, brick and brick work, cost $512.82; that extra work and material used in putting in registers, extra hose, skirting the kitchen chair boards, strips for clothes hooks, and other extras on new house, amounting to $167.81, was done and ordered paid. That we caused five rooms to be fitted up in the old building on the poor farm in a convenient, comfortable and secure manner, for the safe keeping of insane paupers, and had blinds put on, and re-painted the old wing of the house to correspond with the new part of the house, at an expense of $315.59. That for the assistance of Mr. D. C. Shockley in drawing plans and specifications, we allowed $50; and we also found wells and a cistern greatly needed and had them put in, and the digging, walling and cementing and draining the cellar amounts to $96—for all of which orders have been drawn; and that the whole amount of orders drawn on the Treasurer by your committee am'ts to $6,072.32.

All of which is respectfully submitted,

P F LEHMAN,
J C RUDDOCK,
R H PARK,
Building Com.

Supervisor Morse offered the following, which was adopted:

Resolved, That a vote of thanks be tendered Messrs P F Lehman, R H Park and J C Ruddock, the building committee of the county alms house, for the very able, careful and economical manner in which they performed their duties. It is the opinion of the board that seldom indeed has a trust committed to public officers been more faithfully discharged.

SPRINGFIELD, Ill., March 17.—Bills ordered to consideration by sections: Providing for the safety of passengers on railways; to pay A. Blain $7,635,18 for binding the first and second volumes of the Geological Report.

Bills referred: Thompson's bill to amend No. 300, to the Judiciary Committee; McGrath's bill to prevent licensing houses of ill-fame, to the Miscellaneous Committee.

Bills ordered to a third reading; Relating to fences, and relating to town plats.

The Senate concurred in the House amendments to bills relating to venue; changing the time of holding courts in Shelby county; relating to streets and alleys; relating to county clerks, and relating to telegraph companies.

Bills referred to conference committees: Relating to liens; relating to toll-roads and bridges; relating to ferries, and relating to escheats.

Tabled: The bill providing for schools of higher grade than common schools.

The Senate concurred in the House resolution to give the Provision bill precedence over all other business.

Bills making an appropriation to build a Feeble Minded institution; for attaching or detaching territory to and from towns, were ordered to a third reading.

Senator Reynolds' bill, to amend the registry law, came up, and in support of it he showed that it would save in salaries alone $143, 640, and equally as much in expenses.

HOUSE.

Senate bills read a third time: Relating to County Clerks; passed—ayes, 81, nays, 0. Relating to streets and alleys; passed—ayes, 86, nays, 4. Relating to telegraph companies; passed—ayes, 91, nays, 0. Relating to horse and dummy railroads; passed—ayes, 94, nays, 0. Relating to quo warranto; passed—ayes, 92, nays, 6. This is Senator Steel's bill, in which a summary mode of proceedings is provided against railroads.

Bills recommitted: Relating to paupers; to the Judiciary Committee; relating to the Clerk of the Supreme Court. This bill provided for the election of one Clerk, to conform to the Consolidation bill. It failed to pass—ayes, 56, nays, 38. The bill went to the Committee on Judiciary, and the Consolidation bill was also recommitted. The consolidating measure cannot and ought not to pass.

The House reconsidered the vote substituting Sheridan's Malitia bill for the Revision bill on the subject, and then passed the Revision bill—ayes, 77; nays, 22. This defeats any effective malitia law.

NEW YORK, March 17.—A Raleigh (N. C.) dispatch says that Bald mountain in the western part of that State, is having volcanic eruption, and that the houses and cottages on the sides and at the base of the mountain have been thrown down. The inhabitants of that locality, terror-stricken, are seeking safety in flight. A thin vapor sinks from the top of the mountain, and a low rumbling sound is constantly heard.

BERLIN, March, 17.—The Prussian Cross Gazette intimates that Reichstag will be dissolved if it persists in the refusal to fix the ordinary strength of the army at 400,000 men as demanded by the government.

VIENNA, March 17.—The Roman Catholic Bishops, in Reichsrati, threaten to withdraw if the passage of the ecclesiastical bill is pressed.

TOLEDO, March 17—Temperance meetings are increasing in interest, and are held nightly in this city.

DAYTON, O., March 17.—The ladies continue to work on the hard-hearted saloonists with no effect. Dealers propose to make a straight fight with temperance at the spring election.

CINCINNATI, March 17.—The temperance mass meeting held in St. Paul's church this evening was largely attended.

Judge West introduced in the convention to-day the proposed amendment to the constitution to regulate the traffic in liquors.

SPRINGFIELD, March 17.—Representatives Hall in the State House was again densely packed last evening, with representatives from all classes of this city, engaged in the consideration of the temperance question. The meeting was presided over by Mrs. James H. Beveridge. Speeches were made by Senators Henry, of Clay county, Carpenter, of Kane, and Hon. B. S. Edwards, each of whom made effective addresses. Public opinion is divided as to the best mode to carry on the work and to achieve the results all wish for. The most ultra radiant portion of the workers in this cause are for immediate assault upon the works of the enemy, and urged in the meeting of ladies this afternoon and in the meeting to-night the saloon and sidewalk praying system. Others were opposed to this, and thought it best to enforce the laws of the State, and that the results would be astonishing, but the counsels of the ultras prevailed, and to-morrow the saloons, or some of them, will be visited by a committee of women, who will then attempt to carry out the work of redemption. Fears are entertained of the result, but the prayers and best wishes of a large proportion of our best citizens are for the success of the movement. Various visiting committees of women will be accompanied by gentlemen, who will see that no indignity is offered them.

NEW YORK, March 17.—The temperance programme for the present week is not extensive, so far as public meetings are concerned, but an increased number of ladies are engaged in visiting the saloons and groceries, and ladies' temperance prayer-meetings are springing up in many parts of the city.

The committee of ministers has decided that meetings shall be held at the Calvary Baptist Church on Tuesday, the 24th instant, beginning at 8:30 in the morning, and at 7:45 in the evening.

A real estate dealer says that many landlords, in leasing their property, now stipulate that no liquor is to be made or sold on the premises.

A circular has been issued in behalf of the Catholic Total Abstinence Union of America, explaining the plan of a permanent effective organization of the total abstinence forces, and calling upon the societies in all quarters to connect themselves with the Union. It is purposed to retain the temperance societies under the supervision of the heads of the church.

CHICAGO, March 17.—The ladies are forming a temperance band, in spite of the failure to secure a repeal of the ordinance permitting open saloons on Sunday, and in spite of the harsh treatment of the mob that beset them as they came from the council chamber last night, will organize more powerfully and carry on the war more vigorously. Mass meetings have been called for to-morrow and Thursday night.

BURLINGTON, Iowa, March 17.—The first temperance meeting was held here to-night. It was a great success, hundreds being unable to gain admission. Mayor Dodge presided, and the meeting was addressed by clergymen and prominent citizens. Committees were appointed to canvass the city, and the greatest enthusiasm prevailed.

WHEELING, W. Va., March 17.—The temperance prayer meetings continue. The ladies will visit the council and enter a protest against licensing liquor after May 1st.

LAFAYETTE, March 17.—A committee of ladies having waited on the council to present a petition asking the enforcement of the temperance law, it was contemptuously received, filed and not acted upon.

EXILES OF ERIN.

The parade of the Irish Benevolent Society yesterday afternoon, of which the REPUBLICAN with its usual enterprise gave a detailed account up to the hour of going to press, passed off very pleasantly. The rich regalia and costly baners of the organization are exceedingly beautiful. Unfortunately a rent was torn in one of the emerald flags which caught on the lamp post at Brenneman's corner as the procession was passing. The damage happily was not serious and can easily be repaired without injuring the flag's appearance. It cost about $175, as did also the stars and stripes, while the banner bearing O'Connel's portrait was purchased at an expense of nearly $275. The procession was quite imposing and made a fine display. Among the crowds of spectators who lined the side walks, the national colors of Ireland were prominently displayed. The reporter of the REPUBLICAN learns that he was misinformed in stating that this was the first demonstration ever made in the city. Two years ago about twenty-five patriotic gentlemen formed a procession and pursued the same route followed on the present parade. In the evening a grand hop was given at Brenneman's Hall, which was largely attended. Messrs. John Fitz gerald, John D. Neale, John Tucker. Geo Skelly, Patrick O'Connor and Michael Dempsey were the gentlemanly floor managers, and contributed greatly to the comfort of all. Goodman's string band discoursed excellent music, and the celebration pleasantly commenced was enjoyably concluded. The thanks of the REPUBLICAN reporter are due Mr. Martin Lyons, President; Michael Dempsey, and other members of the society for kind courtesies extended.

...Isaiah Morrison, a colored gentleman of this city, who formerly furnished the motive power for the presses at the REPUBLICAN office before that great modern discovery, steam, was introduced, has just returned from New Orleans. Isaiah is a dusky dwarf, only 6 feet 8 inches high, and has apparently grown taller during his absence. He thinks he has not yet stopped growing, and when promenading the street looks like an animated stick of licorice. Mr. Morrison has been occupying the position of stoker on the fast Mississippi steamer, Natchez, Capt. Leathers, who ran the famous race with the Robert E. Lee.

...Two manacled culprits were seen at the depot this noon under charge of P. E. Hetzel, deputy marshal of Oxford. Benton county, Ind., and Mr. H. C. Harris, an assistant, from the same place. The prisoners had been arrested in Clinton on requisitions from the respectine Governors of Indiana and Illinois, and were being taken back to Benton county, where it is alleged they obtained money under false pretences. Their peculiar style of operations consisted in the cash sales of arable lands which existed only in imagination, or were owned in common with many other people beneath the current of large rivers. From gulling the gentle hoosier they migrated to Clinton. But here their ways that were dark proved tricks that were vain. Both fellows are young men, and hail from Michigan. The pious manner in which the felons clasped their hands to conceal their bracelets was quite amusing.

...The new dry goods house on Mer chant street, is getting things ready for business. Goods are being placed upon the shelves, and the new store will soon be in running order.

Calico Ball—What is It?—The Concordia Club has advertised a Calico Ball, to come off on Wednesday, March 25, and as some may not fully understand the programme to be carried out on such occasions we will rise to explain." Every lady is required to wear a calico dress, and to make of the same material and pattern a neck tie, which is to be enclosed in an envelope. The envelopes are deposited in a box and each gentleman draws one. Upon opening the envelope he seeks the lady whose dress corresponds with the neck tie in his envelope, and she is to be his partner. Whether the partnership thus formed is agreeable or not, there is no appeal from the decision thus reached.

Fined for Non-Attendance.—Several persons who had been subpœned to attend the county court as witnesses were yesterday brought into court by attachment, and fined by Judge Greer for failing to appear. That is as it should be. If courts are necessary at all, and of course they are, the attendance of all persons whose presence is needed in carrying on the business of the session should be insisted upon.

Resumed.—B. F. Taylor's hack line, which suspended operations for several weeks, on account of the fearful condition of the roads, has resumed its regular trips, and all orders will be promptly attended to. [18 2d

SCHOOL EXAMINATIONS.

Parents and tax payers are cordially invited to be present at these examinations. The teachers are instructed to avoid everything like a show, and to confine themselves to the actual work done in the schools during the past two terms. Won't you spend one day in seeing how your children are taught and then favor me with the criticisms you may feel like making? E. A. GASTMAN.

PERSONAL GOSSIP.

Mr. Dick Oglesby returned to the city last week after a long absence, during which he has been playing successful engagements in Louisville, Indianapolis, Buffalo and other large cities. Dick and his partner, Mr. Joseph Arthur, of Indianapolis, have become two of the best song and dance men in the profession, rivalling Canfield and Booker, and commanding high salaries. They turn back somersaults and perform other difficult gymnastic feats accomplished only by the most skillful artistes. Mr. Oglesby starts for St. Louis on the 22d inst., to fulfill a two weeks' engagement, and during the summer season will travel with Lent's New York Circus, one of the best on the road.

Mr. John Campbell, who for some time past has been running extras on the St. Louis Division, was recently appointed conductor of freight train No. 5 and 6.—Mr. Campbell is very much of a gentleman, and we congratulate him upon his promotion.

Mr. L L Haworth is in the city. His wife, we are happy to learn, has passed the critical period of her illness and is rapidly recovering. If her favorable condition continues Mr H. will return Saturday to London, Ohio, at which place he is interested in an extensive corn planter and check rower manufactory.

Miss Linn started east this noon to visit friends in Baltimore. She will probably prolong her stay till autumn.

Edgar Ewing returned at noon from Phillips Academy, Andover, Mass., which he has been attending since last fall. After another year of preparation he will enter Princeton College.

Mr Harper, the popular dry goods clerk, arrived in Decatur at noon, after a ten weeks' absence in merry England, during which he made the tour of the island. He crossed over on the steamship Hecla, of the Cunard line, and landed in Boston after experiencing a very stormy passage of twelve days.

Hon. John L. Rout, Second Assistant Postmaster General, is in town, and is registered at the Priest House.

V. Barber & Co. are now prepared to supply their customers with all the latest styles of boots and shoes. They receive their stock direct from manufacturers and can sell as low as any house in Central Illinois. Call and examine their goods.

Fair and Festival.—The fair and festival to be given by the ladies of the Baptist Church, at the opera house tomorrow afternoon and evening, will be the finest affair of the kind that has taken place in our city for many a day. The ladies are wide-awake in the matter of preparation, and will adopt a great variety of methods to entertain and amuse those who may be present, as well as to feed and clothe them. Let everybody be there.

Mrs. M. was formerly a resident of this county, and was the mother of John and Samuel McWhinney, Mrs. W. J. Crow and Mrs. Wm. Parsons, of this city.

HALL'S VEGETABLE SICILIAN HAIR RENEWER.

Every year increases the popularity of this valuable Hair Preparation; which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY OR FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical HAIR DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPARATION for its intended purposes."

Sold by all Druggists, and Dealers in Medicines.
Price One Dollar.

Buckingham's Dye.

FOR THE WHISKERS.

As our Renewer in many cases requires too long a time, and too much care, to restore gray or faded Whiskers, we have prepared this dye, in *one preparation*; which will quickly and effectually accomplish this result. It is easily applied, and produces a color which will neither rub nor wash off. Sold by all Druggists. Price Fifty Cents.

Dr. January and Cancer

THE CELEBRITY of the January Infirmary, established in Murphreesboro, Tenn., in 1848, associated the above name with the treatment of Cancer until they became synonymous, both passed away with the war. But great discoveries, like truths, live forever. Dr. J. C. JANUARY inheriting his father's talents and improving on his experience, has achieved a success in advance of the r former history, owing to his increased patronage he has permanently located in St. Louis; the numerous letters he is receiving, and large arrival of patients justify his move to this central point. We would advise all afflicted with Cancer, Scrofula, Fistula, Piles, &c., to apply to him, as he possesses perfect control of those diseases, without pain or the knife. Address,

Cherry Pectoral,

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping-Cough, Bronchitis, Asthma, and Consumption.

Among the great discoveries of modern science, few are of more real value to mankind than this effectual remedy for all diseases of the Throat and Lungs. A vast trial of its virtues, throughout this and other countries, has shown that it does surely and effectually control them. The testimony of our best citizens, of all classes, establishes the fact, that CHERRY PECTORAL will and does relieve and cure the afflicting disorders of the Throat and Lungs beyond any other medicine. The most dangerous affections of the Pulmonary Organs yield to its power; and cases of Consumption, cured by this preparation, are publicly known, so remarkable as hardly to be believed, were they not proven beyond dispute. As a remedy it is adequate, on which the public may rely for full protection. By curing Coughs, the forerunners of more serious disease, it saves unnumbered lives, and an amount of suffering not to be computed. It challenges trial, and convinces the most sceptical. Every family should keep it on hand as a protection against the early and unperceived attacks of Pulmonary Affections, which are easily met at first, but which become incurable, and too often fatal, if neglected. Tender lungs need this defence; and it is unwise to be without it. As a safeguard to children, amid the distressing diseases which beset the Throat and Chest of childhood, CHERRY PECTORAL is invaluable; for, by its timely use, multitudes are rescued from premature graves, and saved to the love and affection centred on them. It acts speedily and surely against ordinary colds, securing sound and health-restoring sleep. No one will suffer troublesome Influenza and painful Bronchitis, when they know how easily they can be cured.

Originally the product of long, laborious, and successful chemical investigation, no cost or toil is spared in making every bottle in the utmost possible perfection. It may be confidently relied upon as possessing all the virtues it has ever exhibited, and capable of producing cures as memorable as the greatest it has ever effected.
